im back with another archive.org post.

today, ill be exposing ekrem for what he has done.

chapter 1:

how it all started

so first off, ill explain to you what he is. if you already know him, skip this part.

he is a youtuber from brazil that makes YTP tennis videos, shitty effect videos and more.

now lets get on to the actual part.

he first discovered my archive.org account sometime in 2025 (last year btw), and was acting pretty normal at the time. he left reviews stating things about whatever the hell was on his mind.

chapter 2:

harassment

he has harassed multiple users on occasion, and even made a full-on poorly-written document about this kid that "mods" Baldi's Basics-related games. the user in question was called "Tilio" or some shit. the doc mentioned doxxing and other despecible things that he did.

chapter 3:

recent behaviors

he has started harassing me some more recently and called me an "AsShOlE" for some ungodly reason. the post read:

"zach, you think you're gonna make an exposal video out of me right? FUCKING RIGHT???

you know what? i am never interacting with you. leave me alone, fucking asshole."

then he made multiple posts mentioning the same thing over and over again.

the posts read:

"@Hajjgtexts (random user that is his "friend") i am no longer interacting with yrahcaZ."

"i swear, if yrahcaz makes an exposal video out of me, i'll quit doing ytps for good. this is the worst drama i've ever experienced, and it makes me wanna quit doing ytps."

"yrahcaz. since you cut ties with me, i won't interact with you anymore. stay away from me, please."

and one more, made 31 mins ago:

"@Hajjgtexts will you still be friends with me, even if yrahcaz is going to make an exposal video out of me?"

which i am making the doc right now.

so in conclusion, he is a very nasty retard who should not be supported in any way, shape or form.

EKREM, QUIT MAKING POSTS ABOUT ME AND YOUR SHITTY "DRAMA". I NO LONGER SUPPORT YOU, AND YOU EVEN CLAIMED SOMEONE "RUINED" YOUR LIFE! HOW MUCH POWER DOES SOMEONE HAVE TO RUIN YOUR FUCKING ENTIRE LIFE?! AND I HOPE YOU QUIT MAKING SHITTY LOW-EFFORT YTPS RIGHT NOW!

that's all for now and PEACE OUT!!!
